August 22, 2012

Appaloosa Water Company has changed their rates and charges as ordered in the July 30, 2012 Decision No. 73270. An insert into their monthly billing showing the revised rates and charges will be mailed to the customers.

A condition of the approved rates and charges Appaloosa Water Company has been ordered to provide documentation that it is in total compliance with Arizona Department of Water Quality regulations. I telephoned Ms. Vivian Burns, Case Manager Water Quality Enforcement Unit on the above date. Ms. Burns informed me that the ADEQ no longer issues a CSR to individuals. When I spoke with Ms. Burns she assured me that we are in compliance and that Arizona Corporation Commission can request a CSR and ADEQ will issue to the ACC a CSR.

Sincerely,

Joe Cordovana
President
Appaloosa Water Company
